Plagiarism

Plagiarism is the act of using someone else's work without their permission. It is a form of cheating which is taken very seriously.

Don't copy text from the internet or other sources without giving credit to the original author.

Make sure you use your own words and ideas when writing.

Make sure you cite your sources correctly in your work. Use the Harvard referencing system.

Remember to always give credit to the original author. This is the only way to avoid plagiarism.
